TO DO

Our Values

Our Stand Against Bullying: A Zero Tolerance Policy

At Cosmic, we're not just a team, we're a family! And in our family, we stand strong against bullying. We believe in creating a safe, supportive, and super fun environment for everyone. Remember, if you're not spreading positivity, you're not playing our game!

Social Media: Our Digital Playground

Our digital world is an extension of our amazing club. We expect everyone to use social media to lift each other up, not bring anyone down. Negative vibes on social media? That's a big no-no! Let's keep our online space as welcoming and awesome as our gym.

Inclusivity, Kindness, Respect: Our Triple Power Play

We're all about championing each other, both on and off the mat. Inclusivity, kindness, and respect aren't just words to us; they're the heart of Cosmic. Let's show the world how it's done!

Sportsmanship and Respect: The Core of Our Club

We're super proud of every leap, flip, and victory our athletes achieve. And guess what? We expect our shining stars to be just as committed to their team, themselves, and our club. Let's make every moment count!

Stay Connected: Reach Out on Facebook!

Got questions or awesome ideas? Our Facebook page is your go-to spot! It's the perfect way for us to stay connected and make sure we don't miss a beat. Let's keep the conversation rolling and the good times flowing!

Disciplinary Action

To keep our club awesome, we follow a simple three-strike system for behavior that doesn't meet our high standards.

1. Strike One and Two: A Heads-Up!

- If an athlete shows negative behavior, like unkind remarks or a bad attitude towards coaches and peers, it's a strike. Our directors and coaches will keep parents in the loop with every warning. We believe in giving chances to improve and shine!

2. Strike Three: Time to Reflect

- Three strikes? It's time for a little break from classes or competitions. We'll arrange a meeting with parents or guardians to chat about it.

It's not just about the rules; it's about understanding, growing, and getting back on track.

1. Safety and Respect: Our Top Priority

- We're serious about keeping our club safe and respectful. In rare cases, if behavior is threatening or seriously out of line, our directors have the right to make tough calls. This could mean saying goodbye to athletes or parents who don't align with our code of conduct.

Competitor Information

IMPORTANT

Teams will participate in 3 to 5 competitions per season, depending on the team's specific schedule. All competitions are compulsory, and participation is critical for both individual and team success.

Training sessions two weeks before and directly after a competition are of the utmost importance and are considered mandatory. If your athlete is absent without a medical certificate, they will be unable to compete regardless of whether you have paid.

These sessions are vital for team cohesion, preparation, and post-event review. Missing these sessions is not acceptable under any circumstances, as they are critical for ensuring the team's readiness and progress.

Training Sessions

Parents and guardians are **NOT PERMITTED** to watch training sessions. If you need to speak with us please let us know so we can make time to chat!

Attendance

As this is a **team sport**, the success of the team is based on **all** athletes attending all sessions and training hard. We understand that athletes get sick or life happens, all we ask is that it is communicated so we can effectively manage the class structure. Please call or text Annemarie or Zoe on the numbers provided.

Please note – **it is at the Directors discretion to remove an athlete from a competition due to poor attendance.**

Safety is paramount in this sport and if even momentarily safety can be questioned, we reserve the right to remove an athlete. Missing training prior to competitions throws the entire vibe out for the team.

If your athlete does another sport that clashes with training, we will require said athlete to move into a team that allows them to attend **ALL** scheduled training sessions. This may mean competing a team below their skill level, unless otherwise discussed and agreed.

IMPORTANT: If an athlete misses the training prior to any competition it is at the directors discretion to **not allow the athlete to compete, regardless of money paid.** Athletes are expected to attend training sessions following competitions, this is where we go through score sheets and advise of changes to routines, it is not acceptable to miss training after a competition without a medical certificate or prior discussion.

ALL COMPETITION TRAINING SESSIONS ARE COMPULSORY

**PLEASE SIGN AN
ATTENDANCE
POLICY UPON
ENROLLMENT**
